

CABLECAST BUNDLE CABLECAST AUTOMATION BUNDLED WITH CAROUSEL

If you want the automation and combined features of Cablecast with a Carousel on-air bulletin board, then the Cablecast Bundle is the perfect fit. Cablecast will control your VCR's, DVD's and other sources – and the schedule you create will automatically get published to your bulletin board and website.

WHY USE THE CABLECAST BUNDLE? KEY FEATURES

- Manage your schedule from anywhere with Cablecast's web-based, drag-and-drop user interface.
- Includes Carousel, your new on-air bulletin board. Turn your channel into a vital community resource with live traffic cams, school closing information, transit schedules, emergency alerts, and more.
- Advanced scheduling features include: rippling, block scheduling, series scheduling, saved searches, and much more.
- Import Facil show data, print media labels, generate an RSS feed of your schedule, export for TV Guide, Podcast your shows, downstream keyer control, and all the other little things we think about so you won't have to!
- No recurring fees!
- Controls video servers, DVDs, tapes and live sources
- Complete programming library management with powerful search capabilities for all of your media
- Built-in bulletin board that automatically tells your viewers what they just watched, what's coming up next, and displays your full programming schedule
- Generates the reports that most PEG facilities need
- Controls SX series video servers for added flexibility
- User management tools to help you assign various levels of control to your staff
